

GENEVA CALL,
P.O.Box 334 - 1211,
Geneva, Switzerland

Democratic Party of
Iranian Kurdistan
August 15, 2002

Dear Sir,

Bearing in mind the horrible, disgusting fact that the use of anti-personel mines has led to the death or maiming of innumerable people, most of whom defenceless civilians, and thus bringing about untold miseries across the world particularly to children, the people in the Iranian Kurdistan wholeheartedly support Geneva Call in its sacred compain aimed at putting a total ban on the production, stockpiling and use of such deadly, inhumane devices.

Accordingly, we emphasize herewith our readiness to render, in the framework of our capacity, our full backing and co-operation in the achievement of such a sacred, humanely goal.

Most Sincerely Yours,

Abdulla Hassanzaddeh
